

A BRAND DEDICATED **TO PROVIDING INNOVATION & QUALITY** TO PROFESSIONALS AROUND THE WORLD.

FOCUSED ON OUR CUSTOMERS, INSPIRED BY INNOVATION AND DRIVEN BY A DESIRE TO HELP THE PROFESSIONAL USER MAXIMISE THEIR TIME, EFFICIENCY AND PRODUCTIVITY. WE ARE INVENTORS, DESIGNERS, MANUFACTURERS AND PIONEERS OF REVOLUTIONARY TOOLS AND ACCESSORIES.

WELCOME TO OUR NEW PRODUCT CATALOGUE, YOU CAN NOW SEE HOW OUR UNIQUE APPROACH DELIVERS UNRIVALLED BENEFITS FOR YOU AND YOUR BUSINESS.

TOUGHBUILT INNOVATION

We live in a world where the latest technological and design innovations typically command a price premium. True to form, ToughBuilt defies this conventional thinking. We are committed to affordable innovation and believe that ground-breaking products which help the professional user to work better, smarter and faster should be accessible to all. Our products offer hefty amounts of intelligent, well-thought-out and well-researched design, but without the hefty price tag.

TOUGHBUILT QUALITY

ToughBuilt enjoys exceptional levels of brand loyalty with professional users across the world. Our products owe at least some of their popularity to their remarkable levels of quality. All of our tools and accessories are designed and developed in the USA before being manufactured to some of the most stringent quality assurance standards on the market today. Thanks to our obsessive approach to quality, the majority of our products are backed with a twoyear guarantee as standard and this can be further extended to an industry-leading 25 years when customers register their purchase.

TOUGHBUILT BRAND

The power of the ToughBuilt brand cannot be overstated. In the mature and established tools and accessories market where many products may seem undifferentiated, the ToughBuilt brand stands apart. It has become synonymous internationally with innovation and quality - and at a price that is not prohibitive. The strength of our brand and its high regard amongst professional users enables our stockists to increase their sales and to maximise their margins. Ultimately, the ToughBuilt brand is a brand that means business.

The majority of ToughBuilt products come with a two-year guarantee as standard, which can be extended to an impressive 25-years provided customers register their product within 30 days of purchasing.

GUARANTEED QUALITY

While every ToughBuilt® product is built to be tough, it is important for you to use your ToughBuilt® products appropriately.

The majority of products manufactured and sold by ToughBuilt® are covered with our extended 25 years guarantee to the original purchaser against defects in material or workmanship. Normal wear and tear and conditions resulting from accident, misuse, abuse, alteration, or improper care or maintenance voids the guarantee. This guarantee is exclusive and in lieu of any other express guarantee of any kind.
